

## Your Wedding

Because your Wedding is as important to us as it is to you, and because we consider it a privilege to have a part in your day, we would like to begin by offering our congratulations and to thank you for the confidence you have shown in considering entrusting us to help make it a truly perfect day.

This is your wedding and we are here to do anything we can to ensure that everything is done the way you have imagined it would be. We are here to help and advise in any way we can and in order to do this we ask that you remember that although we have hundreds of weddings at Dean Park everyone is treated as if it were the only one and therefore is the most important we will ever have. Whether it is for twenty or two hundred and twenty is immaterial.

Once you have decided on the date your thoughts will go on to the reception, and of course you will want to see what we have to offer so that is the time to come along and meet Andreas our manager. He will be delighted to show you our facilities and answer all your questions and advise you in any way he can. His experience will help make your day special.

We will provide you with sample menus, but these are flexible and it is the brides prerogative to make the final decision, so about six weeks before the wedding we like you to pay another visit, have a cup of coffee with Andreas and make all your final arrangements. We realise that a wedding is a large item in any family and usually cost is an important consideration, so once you have decided what your budget is we will help you to get the most professional result within it.

Remember we are here to help, so don't hesitate to let us know about anything you are unsure of and if you have any special requests let us know about them too, because we are here to provide service and help you to have a beautiful and happy day.

With every good wish for the future and kindest regards.
